Pharmaceutical Industry: The Experience

From blood transfusion to X-ray. From tablets and powders to the pill. From aspirin, insulin and sterile bandages to plasters, but also less obvious products such as sweeteners for coffee and tea. Production facilities. Laboratories. Development of new medicine. Meticulous work with calibrated equipment. Absolutely level flooring in regard to finely tuned equipment. Surface density, no pores at all. Antistatic.

Expert knowledge of flooring materials and our application brings Bolidt into contact with:

Abbott Laboratories
Abdi Ibrahim
Actavis
AstraZeneca
Bayer
